Subject : Request for Salary Raise

Dear Mr.Pradeep Jain Sir,

I hope this email finds you well. I appreciate the opportunity to contribute to xyz company and have thoroughly enjoyed my time here. As we continue to work together, I would like to discuss my compensation.

Over the past year, I've achieved several milestones:

- "Led a network optimization project that reduced latency by 30%."
- "Implemented security protocols resulting in a 20% decrease in network vulnerabilities."

- “Managed a team that successfully migrated 100 servers to a cloud-based infrastructure.”
- “Designed and implemented a high-availability network architecture, resulting in 99.9% uptime.”
- “Streamlined network monitoring processes, leading to faster incident resolution.”
- “Introduced load balancing techniques that improved overall network performance.”
- “Consolidated network services, reducing annual expenses by 15%.”
- “Collaborated with cross-functional teams to troubleshoot complex network issues.”
- “Mentored junior engineers, enhancing their skills in network design.”

I've researched industry standards and believe that an adjustment to my salary would reflect my contributions and align with market rates. Therefore, I kindly request a salary raise.

Would it be possible to schedule a meeting to discuss this further? I value our working relationship and am committed to contributing to the company's growth.

Thank you for your consideration. I look forward to hearing from you.

Best regards,

Ketan Bomevar
